

Children's Immune Booster

by CEDAR BEAR NATURELES®

Great Tasting 100% Alcohol-Free Liquid Herbal Products

Helps Children Stay Well and Get Well Faster by Boosting Immune Response

Our children are exposed to many things that challenge their immune systems. Schools, daycare, stores, playmates... anytime a child is around people outside of the immediate family can expose them to cold/flu causing influences.

While these exposures are important for strengthening our children's immune systems, wouldn't you like your children to not only get over cold and flu symptoms faster when they do get sick, but to also be able to avoid coming down with colds and flu and have healthier immune systems so they won't get sick so often?

When a child's immune system is suppressed from stress, lack of proper nourishment, and chronic health problems, it needs outside help to give it a bit of a boost to do its work more quickly and effectively, especially with our busy work, school and play schedules. The best way to support health is through supporting stronger and healthier immune systems and vitality, the main approach that Cedar Bear Naturales® takes.

Children's Immune Booster is an immune system activator that nutritionally supports and stimulates a strong immune response throughout the body as well as specifically in the respiratory system. In addition to the immune-stimulating action that echinacea and Oregon grape root give this formula, the combination of herbs in Children's Immune Booster support the digestive system, the liver/gallbladder, and the lymphatic system, all important lines of immune defense.

This formula is especially effective at preventing illness if taken when you think your child may have been exposed to something, even before symptoms have a chance to take hold. It is great for the whole family to take when everyone is in need of strengthening their immune responses. When one family member has come down with cold-like symptoms, but no one else in the family has yet, have the whole family take this formula. Most likely, the person with the symptoms will get better more quickly and the other family members either won't get the symptoms at all or they will experience far lighter cases. (Also highly recommended at this time are Children's Cold Plus™ and Children's Antioxidant Berries Plus™.)

This versatile liquid herbal formula may be taken in small, frequent amounts when needed, and the amount used can be adjusted up or down, according to the need, size and age of the child taking it.

CONTAINS: Echinacea purpurea root, Oregon grape root, black walnut hull, thyme leaf, lemon peel, mBI™ Liquid Trace Minerals, and an immune enhancing CBN™ Aromaceutical Blend in a glycerin/purified water TincTract® base.

NOTE: Primarily a Direct Aid and not meant to be taken for extended continuous periods of time. Because of its immune stimulating action, children with autoimmune problems should use Children's Auto-Immune Nectar™ along with Children's Antioxidant Berries Plus™.

SUGGESTED USE: 1/4–1/3 teaspoon (1.23–2 ml) 1 to 4 times a day. During immune challenge, use as often as needed until symptoms abate. Shake Well. Use only under adult supervision.

MORE ABOUT THE HERBS IN THIS FORMULA:

- Echinacea Root (*Echinacea purpurea*) is well known for its action as an immune system stimulant that increases certain white blood cell activity. Echinacea purpurea used here is gentle on the immune system.

- Oregon Grape Root (*Mahonia aquifolium*) supports immune function, with antiseptic properties and a mild blood and liver cleansing action. Similar to goldenseal with a more general action in the body.

- Black Walnut Hull (*Juglans nigra*) are rich in iodine, which is necessary for many immune functions in the body, aids digestion, and has a purifying action on the lymphatic system.

- Thyme Leaf (*Thymus vulgaris*) has strong antiseptic activity in the gastrointestinal, respiratory systems and kidneys. Dries mucus membranes; reduces respiratory problems, non-specific fevers and headaches.

- Lemon Peel (*Citrus limon*) is a powerful liver tonic that neutralizes germs in the digestive system and helps to reestablish the pH buffering system of the stomach.

- mBI™ is a proprietary micro-fractionated liquid trace mineral supplement made using the exclusive CBN™ Citritol™ process.

- Cedar Bear Naturales® Aromaceutical blend: Enhances a strong immune response, working through the liver and digestive system.

WORKS WELL WITH THESE CBN™ FORMULAS:

Antioxidant Berries Plus™, Children's Cold Plus™, Children's Daily Herbals™, Herbal Minerals™, Lymphati•Cleanse™, Fever Buster™, Sinus Relief™, Wonderful Wild Cherry™ for Wet Coughs, microBURST!™.

Item #231 2 oz; #232 4 oz; #233 8 oz
