Moisturizes Respiratory Tissues and Reduces Scratchy, Dry Coughs

Sometimes children's dry, scratchy coughs just will not let up. They hack and cough and feel terrible, and so do you, just hearing them.

So you try regular cough remedies, but they just make a dry, raspy cough worse instead of better! This is because most cold and cough remedies are designed to dry up tissues that are excessively moist. They are for the coughing, sneezing, sniffling, watering eyes type of relief.

When sore throats and coughs are resulting from cold or flu symptoms where there you can't seem to turn off the dripping faucet, those remedies can help to bring welcome relief. But when coughs and respiratory discomfort are caused by tissues that are inflamed and irritated from lack of moisture, grandma's favorite over-the-counter cherry cough syrup or lozenges can actually add to the problem.

Children's Magnificent Mullein™ for Dry Coughs was the first natural herbal formula developed specifically to soothe and moisturize dry, irritated tissues. It helps reduce inflammation, relieves dry, hacking coughs, and goes even further than the dry throat to help re-hydrate all tissues in the respiratory system and even the digestive system. This lung moistening formula also has an exclusive CBN™ Aromaceutical Blend to strengthen the tissue soothing effects of the herbs throughout the body.

This formula not only helps reduce symptoms, but it is also high in ascorbates, antioxidants and respiratory-building mineral electrolytes to help speed recovery to health.

Children exposed to various environmental pollutants and dry climates, dust allergy reactions, smoke, and other factors that cause respiratory tissues to become dry and difficult may find this unique formula brings them welcome relief.

CONTAINS: Mullein leaf, marshmallow root, angelica root, calendula flower, orange peel, European elder berry, mB!™ Liquid Trace Minerals, and a soothing respiratory-based CBN™ Aromaceutical Blend in a kosher vegetable glycerin/purified water TincTract® base.

NOTE: Should not be used where excessive congestion and a moist, wet cough are present. (Use Children's Wonderful Wild Cherry™ for Wet Coughs instead.)

SUGGESTED USE: 1/4–1/3 teaspoon (1.23–2 ml) 1 to 4 times a day, or as needed until symptoms abate.

MORE ABOUT THE HERBS IN THIS FORMULA:

- Mullein Leaf (*Verbascum thapsus*) builds the health and integrity of the respiratory system as it cools, soothes and lubricates dry, irritated tissues and helps relieve pain, spasms, and clear the lungs.

- Marshmallow Root (*Althea officinalis*) is soothing and cooling, relieves dry inflammations and irritations of the mucous membranes of the mouth, throat, gastrointestinal tract and urinary tract, and helps the body to overcome constipation and diarrhea caused by dry, irritated tissues in the body.

- Angelica Root (*Angelica archangelica officinalis*) soothes respiratory inflammation with its antiseptic and analgesic activity, enhances immune system function, and strengthens overall health.

- Calendula Flower (*Calendula officinalis*) has a soothing antiseptic and anti-inflammatory action in the body and gently stimulates immune system function, reduces inflammations of internal organs, and helps to reduce fever.

- Orange Peel (*Citrus sinensis*) has important antiseptic aromatic components, possesses a gentle bronchial passage opening property, and aids in pulling excess fluids into the stomach chamber.

- European Elder Berry (*Sambucus nigra*) has antioxidant flavonoid components, is high in vitamin C factors, helps to reduce coughs and bronchial congestion, and supports the body in dealing with congestion throughout the body, throat irritations and general cold symptoms.

- mB!™ is a proprietary micro-fractionated liquid trace mineral supplement made using the exclusive CBN™ Citritol™ process.

- Cedar Bear Naturales® Aromaceutical Blend: A specifically formulated essential oil blend for the respiratory system that enhances the actions of the herbs and assists in mineral electrolyte dynamics throughout the body.
