

# Children's Pain Away Willow Plus™

by CEDAR BEAR NATURELES®

Great Tasting 100% Alcohol-Free Liquid Herbal Products

## An Herbal Pain Relief and Fever Reducing Formula Gentle Enough For Children

None of us likes to see our children suffer. Pain, while it is no fun to deal with, is a part of life, even for our children.

There are two basic categories of pain. Acute pain lets us know that there is something that needs immediate attention, such as when a child sprains an ankle or burns herself. Chronic pain is pain that happens continuously or intermittently for more than six months. This kind of pain may be trying to let us know something deeper is going on.

Sometimes a child's pain continues even when the apparent cause has been taken care of. Emotions and anxiety can trigger pain cycles and intensify his pain.

Some causes of pain can be allergic reactions to foods, or environmental factors. Some are from stress. Others from damaged tissues, whether recent or long ago.

There is a way to help reduce your child's pain with natural herbal remedies, rather than by reaching for pills (even aspirin) that may cause side effects such as stomach distress.

Children's Pain Away Willow Plus™ is an all-natural whole herb product having a broad spectrum of constituents that are known to ease both acute and chronic pain. Anti-inflammatory and pain relieving, this is a natural alternative to aspirin that actually supports health and reduces incidents of chronic pain with regular use.

The herbs in Children's Pain Away Willow Plus™ were chosen for their specific individual effects on differing types of pain and help to relieve certain types of aches and pains, such as muscle pain, joint pain, and constrictive headaches. This particular formula is cooling and calming, and unlike aspirin, causes little or no stomach upset.

This formula is also an effective and gentle fever reducer. (Fever is part of the healing process, as the body is working to fight off infection. If a high fever does not respond to this formula, seek medical attention.)

Children's Pain Away Willow Plus™ may be taken on a regular basis to reduce chronic pain.

CONTAINS: Meadowsweet leaf/stem, wild lettuce leaf, white willow bark, gelsemium root, *mB!*™ Liquid Trace Minerals, in a kosher vegetable glycerin/purified water TincTract® base.

NOTE: Do not take this product if aspirin sensitive. If blood-thinning or migraine medications are being used, use only under supervision of a qualified health practitioner.

SUGGESTED USE: 1/4–1/3 teaspoon (1.23–2 ml) 1 to 4 times a day, or as needed. Use only under adult supervision.

### MORE ABOUT THE HERBS IN THIS FORMULA:

- Meadowsweet Leaf/Stem (*Filipendula ulmaria*) is a salicin-rich herb that reduces joint and related pains and muscle spasms. It reduces inflammation and is known for its ability to reduce fever, excess fluids, and urinary tract inflammations. Meadowsweet is very healing to digestive system tissues and relaxes the gastric nerves.

- Wild Lettuce Leaf (*Lactuca virosa*) has gentle sedative qualities, is pain relieving, and soothes an overactive and agitated nervous system.

- White Willow Bark (*Salix alba*), while working a bit slower than aspirin, works longer, and helps reduce fevers and inflammatory pain. It is a cooling herb that gently thins and moderates the blood, alleviates most types of headaches and exhibits a mild anodyne action. (Aspirin takes its name from white willow's Latin name and was based on meadowsweet and white willow bark.)

- Gelsemium Root (*Gelsemium sempervirens*), also known as yellow jasmine, cools fevers and soothes the nervous system. It is very calming to emotions. This herb is used to reduce nerve pain, headaches and joint pains.

- *mB!*™ is a proprietary micro-fractionated liquid trace mineral supplement made using the exclusive Cedar Bear Naturales® Citritol™ process.
