

Children's Pancre•Aid™

by CEDAR BEAR NATURALES®

Great Tasting 100% Alcohol-Free Liquid Herbal Products

An Herbal Formula to Support Pancreatic Function

Located below the left rib cage, the pancreas is a very important and little understood part of the endocrine system.

The pancreas has two primary functions. It produces digestive enzymes to break down fats, proteins, and carbohydrates in the small intestines. It also releases the hormones insulin and glucagon, which regulate blood sugar levels. Insulin helps cells absorb glucose (blood sugars).

In today's high stress, fast food world, our children's health is suffering. More and more children are having blood sugar and pancreatic imbalances, problems with their digestive systems, weight and other related health problems.

Stress, poor diet (especially of fatty foods), and certain prescription and over-the-counter drugs, along with other factors, can all affect the efficiency and health of the pancreas.

Children's Pancre•Aid™ is formulated primarily to deal with enriching and building pancreatic function and reduce tendencies towards blood sugar imbalances, with a secondary diuretic/kidney building effect. Children's Pancre•Aid™ helps to balance pancreatic functions of regulating blood sugar levels and digestion and also helps reduce inflammations in the pancreas, kidneys and urinary tract. It has also been used effectively to control or manage bladder difficulties such as bedwetting.

CONTAINS: Utah juniper berry/leaf, fenugreek seed, lycium berry (goji berry/wolfberry), dandelion root, burdock root, uva-ursi leaf, alfalfa leaf, juniper berry, European elder berry, and mB!™ Liquid Trace Minerals in a kosher vegetable glycerin/purified water TincTract® base.

SUGGESTED USE: 1/4–1/3 teaspoon (1.23–2 ml) 1 to 3 times a day during times of pancreatic imbalances, or as needed.

MORE ABOUT THE HERBS IN THIS FORMULA:

- Utah Juniper Berry/Leaf (*Juniperus osteosperma*) is an antiseptic herb that has a diuretic effect and supports the pancreas' work to normalize blood sugar levels. Cedar berry helps to clear pancreatic and urinary tract inflammations and reduce occurrences of kidney obstructions.

- Fenugreek Seed (*Trigonella foenum-graecum*) has been used in the Middle East and India for many centuries for its beneficial action on the pancreas. High in antioxidants, fenugreek reduces blood sugar levels, helps the body respond bet-

ter to natural insulin, and is high in saponins (bio-detergent agents) and flavonoids, making it a soothing and healing herb for the pancreas and urinary tract.

- Lycium Berry [Goji Berry/Wolfberry] (*Lycium barbarum spp.*) have the highest levels of ascorbates and complex flavonoids and betacarotene known, are strongly antioxidant and immune system fortifying.

- Dandelion Root (*Taraxacum officinale*) is a blood-purifying herb that supports the kidneys, is rich in vitamin A and is high in potassium, an important mineral for cellular health.

- Burdock Root (*Arctium lappa*) is a blood cleansing and purifying herb that helps remove toxins from the body. Burdock helps balance blood sugar levels. It has a soothing effect on stomach tissues, supports pancreatic function and has a mild diuretic action that aids perspiration and movement of fluids throughout the body.

- Uva-ursi Leaf (*Arctostaphylos uva ursi*), is also known as bearberry and kinnikinnick. It is a mild diuretic herb that reduces fluid retention and inflammations of the urinary tract, and has definite antiseptic action in the urinary tract.

- Alfalfa Leaf (*Medicago sativa*) is rich in major minerals (calcium, magnesium, phosphorus, and potassium), trace minerals, and all known vitamins, supporting pancreatic function.

- Juniper Berry (*Juniperus communis*) lowers infections in the urinary tract, has a diuretic effect in the body and has been found to assist in moderating pancreatic imbalances.

- European Elder Berry (*Sambucus nigra*) was known in ancient Europe as "nature's medicine chest." It is high in vitamin C and has a mild laxative action that benefits the urinary tract.

- mB!™ is a proprietary micro-fractionated liquid trace mineral supplement made using the exclusive Cedar Bear Naturales® Citritol™ process.

WORKS WELL WITH THESE CBN™ PRODUCTS:

Antioxidant Berries Plus™, Digestive Build™, Herbal Iron, Herbal Minerals™, Kidney Calm & Cool™, Slim Now!™, Sugar Stop™, microBURST!™. TincTracts® of Bilberry, Fenugreek seed, Ginkgo Leaf, Gymnema Leaf, Stevia Leaf

Item #252–2 oz; #253–4 oz

Adults/Teens: Item #373–2 oz; #374–4 oz; #375–8 oz
