

Children's Sugar Stop!

by CEDAR BEAR NATURELES®

Great Tasting 100% Alcohol-Free Liquid Herbal Products

An Herbal Formula that Helps Stop Sweet Cravings and Balance Blood Sugars

Sweets and treats are everywhere we turn, and children are forever demanding to have them. Too much refined sugar in a child's diet can lead to blood sugar imbalances, increased weight gain, digestive system problems, overactive behavior... the list goes on. What's a parent to do?

Want help with reducing a child's sugar cravings or balancing blood sugars? Amazingly, there are herbs that have been used for centuries for that very purpose in various cultures around the world.

Children's Sugar Stop! by Cedar Bear Naturales® contains an amazing herb from India called gymnema, which actually temporarily makes sugars in food tasteless! In addition to neutralizing sweet tastes, gymnema is extremely good for the pancreas. Gymnema and the other carefully chosen herbs in Children's Sugar Stop! help to balance blood sugar levels and pancreatic glandular function while building the health and strength of the pancreas. This formula is also has a gentle blood/liver cleansing action while supporting digestion. And it tastes so great that children will ask for it as a treat all by itself.

While Children's Sugar Stop! helps to curb sugar cravings and helps balance blood sugars, it is also an effective aid for weight loss programs.

Have the child drink plenty of water when taking Children's Sugar Stop!. Sweet cravings and hunger cravings are often caused by dehydration in the bloodstream, even when there are excess fluids in the body.

CONTAINS: Gymnema leaf, licorice root, dandelion root, burdock root, stevia leaf, eleuthero root, mBI™ Liquid Trace Minerals, and a special Aromaceutical Blend in a kosher vegetable glycerin/purified water TincTract® base.

SUGGESTED USE: 1/4–1/3 teaspoon (1.23–2 ml) as needed. May be used in frequent small doses, whenever sugar cravings strike, or before meals. Use only under adult supervision.

MORE ABOUT THE HERBS IN THIS FORMULA:

- **Gymnema Leaf (*Gymnema sylvestre*)** has a component that numbs the taste buds associated with the taste of sweet and some salty tastes. It has a positive healing and balancing effect on the pancreas and has been used extensively in India for over 2,000 years, where insulin imbalances first appeared. Gymnema helps lower blood sugars and helps balance insulin

levels. This herb also benefits the stomach, reduces constipation, water retention, and is healing to the liver.

- **Licorice Root (*Glycyrrhiza glabra*)** has been one of the most important herbs in traditional Chinese medicine for many centuries. It is a nutritive, soothing, gentle adrenal stimulant with strong adrenal tonic properties that helps to balance blood sugar levels, dissipate sugar cravings, and help stave off hunger.

- **Dandelion Root (*Taraxacum officinale*)** is a mild liver cleanser that increases bile flow, builds the liver, blood and immune systems. It has a moderate diuretic action in the body, and supports the function of the pancreas. It also helps support digestion.

- **Burdock Root (*Arctium lappa*)** is a blood-cleansing herb that has a soothing effect on the tissues of the stomach. It works to enhance the effect that gymnema has on diminishing sweet cravings, and gives a feeling of fullness. This herb improves digestion and mildly lowers blood sugars.

- **Stevia Leaf (*Stevia rebaudiana*)** helps bring down high blood sugar levels. Many times sweeter than sugar, may be used by those with insulin problems.

- **Eleuthero Root (*Eleutherococcus senticosus*)** [formerly called Siberian ginseng] has been used in Chinese medicine for 2,000 years. It is a general glandular and immune tonic herb that helps to give the feeling of fullness. It supports immune function and stamina levels.

- **mBI™** is a proprietary, micro-fractionated liquid trace mineral supplement made using the exclusive CBN™ Citritol™ process.

- **CBN™ Aromaceutical Blend:** A specifically formulated essential oil blend that enhances the actions of the herbs, assists in mineral electrolyte dynamics throughout the body, helps to reduce hunger feelings.

WORKS WITH THESE CBN™ CHILDREN'S PRODUCTS:
