

# Children's Tummy Ease

by CEDAR BEAR NATURALES®

Great Tasting 100% Alcohol-Free Liquid Herbal Products

## Effectively and Gently Reduces Gas, Bloating and Indigestion

Children's and infant's digestive systems are very sensitive and are easily upset. Colicky stomach cramping, gas and bloating are common problems for infants and children. This causes not only irritability, crankiness and crying, but difficulties with loss of sleep, appetite disruption, and further digestion problems.

Stomach pain, even in children, isn't just a nuisance. When the digestive system is functioning less than perfectly, it can cause other health problems, even in infants. Stress to the immune system, problems with food sensitivities, and poor absorption of nutrients are some of the difficulties that come with poor digestion.

Children's Tummy Ease by Cedar Bear Naturales® is a uniquely effective formula for reducing gas, bloating and indigestion for children at all ages. This formula uses a combination of gentle herbs to soothe and relax the digestive tract and help improve digestive function.

Children's Tummy Ease supports proper stomach acid balance and helps to reduce frequency and intensity of stomach distress. These whole, healthy and natural herbs are uniquely able to help reduce stomach distress. Catnip, while stimulating cats, is very calming to humans, especially for the digestive system.

Instead of reaching for over-the-counter and prescription medications that merely block stomach acids and pain and can further unbalance digestive functions, use Children's Tummy Ease to reduce gas and stomach pain, support the healing of delicate stomach tissues, and calm fussy children.

**CONTAINS:** Catnip leaf/stem, fennel seed, meadowsweet leaf, *mB!*™ Liquid Trace Minerals, and a special anti-flatulence CBN™ Aromaceutical Blend in a kosher vegetable glycerin/purified water TincTract® base.

**NOTE:** Do not take this product if aspirin sensitivity is indicated or present. Consult qualified health care provider if blood-thinning medications are being taken or prescribed migraine medications are being used.

**SUGGESTED USE:** 1/4–1/3 teaspoon (1.23–2 ml) 1 to 4 times a day, or as often as needed. Use only under adult supervision.

### MORE ABOUT THE HERBS IN THIS FORMULA:

- Catnip Leaf/Stem (*Nepeta cataria*) effectively relieves stomach cramps and is very calming. Catnip has excellent pain reducing qualities. It has a nerve soothing constituent that is similar to those found in valerian, an herb that is well known for its sedating action.

- Fennel Seed (*Foeniculum vulgare*) is antispasmodic, helps to increase proper gastrointestinal activity, calms mild spasms in the gastrointestinal tract, and reduces bloating. It works to effectively break up and expel flatulence. Fennel has been used in many cultures throughout the world to prevent gas and stomach upsets.

- Meadowsweet Leaf (*Filipendula ulmaria*) is a moderately astringent herb that is a settling, salicin-rich digestive aid. It cools and calms the gastrointestinal system, reduces heartburn and over-acidity of the stomach, and is often used in place of aspirin for individuals who have sensitive digestive systems.

- *mB!*™ is a proprietary micro-fractionated liquid trace mineral supplement made using the exclusive Cedar Bear Naturales® Citritol™ process.

- Cedar Bear Naturales® Aromaceutical Blend: Contains a special anti-flatulence essential oil aromaceutical blend that enhances the actions of the herbs and assists in mineral electrolyte dynamics throughout the digestive and nervous system.
