

Equine Calmer

by CEDAR BEAR NATURELES™

Great Tasting 100% Alcohol-Free Liquid Herbal Products

Effectively Calms Nervousness and Settles the Digestive System

Some horses, especially the hot blooded breeds, have a hard time calming down. They stomp, fuss, and fidget, whether under saddle, in the stall, or while being transported.

There are certain calming herbs that horses respond to very well. These herbs have been brought together in an excellent soothing formula, by Cedar Bear Naturales™ – Equine Calmer.

Chamomile, a primary herb in this formula, is well known as a soothing and calming herb. The other herbs used in Equine Calmer also have excellent calming qualities that help soothe and calm a horse's nerves, reduce irritability, and release tension.

This formula is a gentle nervine and digestive aid formula that has a calming effect on the nerves and the digestive system. By reducing digestive system discomfort, fussy and picky eaters often experience an increase in appetite. Besides, this formula tastes so good, even the fussiest of eaters will go for it.

Equine Calmer helps to calm crankiness, anxiousness, nervous energy and stress. It is a great calmer for high-strung or nervous horses, for traveling or when stabled.

Nervousness can be brought on when certain minerals are deficient. Cedar Bear Naturales™ whole herb formulas contain the naturally occurring nutrients from the herbs contained in them in a bio-available form that absorb into the system quickly and completely. (See the list at the end of this handout for more CBN™ formulas to help your fussy horse settle down.)

SUGGESTED USE: 1/2–1 teaspoon (2.46–5.4 mL) 1 to 3 times a day, or as needed. May be put in water, on food, or given undiluted. Also suggested is BTC™ Crisis/Stress Spray for calming support.

CONTAINS: Chamomile flower, catnip leaf/stem, passionflower leaf, spearmint leaf, rose flower, hops strobile, and mBI™ Liquid Trace Minerals in a Kosher certified vegetable glycerin/purified water TincTract® base.

MORE ABOUT THE HERBS IN THESE FORMULAS:

- Chamomile Flower (*Matricaria recutita*) calms the digestive and nervous systems and is rich in potassium salts. Magnesium in chamomile is relaxing to muscles.

- Catnip Leaf/Stem (*Nepeta cataria*) is calming to the stomach, relaxes gastric nervousness, and relaxes the peripheral nerves.

- Passionflower Leaf (*Passiflora incarnata*) is a mild central nervous system relaxant, often used in place of lobelia due to its milder acting nature. Relaxes spasms and tension.

- Spearmint Leaf (*Mentha spicata*) is a cooling, settling digestive aid that has a relaxing effect on the digestive and glandular systems and is also rich in potassium salts.

- Rose Flower (*Rosa canina*) contain relaxing aromatic components and a mild pain relieving salicin-like agent that relaxes respiratory tightness and tight muscles in neck and shoulders. Calming to the digestive system.

- Hops Strobile (*Humulus lupulus*), used here in a very small proportion, has a bitter aromatic substance that has a profoundly relaxing effect on the nervous system and muscles and is rich in calcium and magnesium salts. Reduces pain, soothes the stomach. Contains many of the B vitamins.

- mBI™ is a proprietary micro-fractionated liquid trace mineral supplement made using the exclusive CBN™ Citritol™ process that enriches and assists important enzymatic processes.

WORKS WELL WITH THESE CBN™ PRODUCTS:

Equine Adreno•Aid™, Equine Anxiety Away!™, Equine Daily Use & Recovery, Equine Digest•Aid™, BTC™ Crisis/Stress Spray

ITEM: #765–4 oz; #766–8 oz
