

# Equine Immune Booster

by CEDAR BEAR NATURELES™

Great Tasting 100% Alcohol-Free Liquid Herbal Products

## A Whole Herbal Formula that Activates Immune System Response

When a horse gets sick, his performance ability diminishes, just like with humans. It's important to get him back to his peak as quickly as possible, and when it appears that his immune system is being challenged by exposure or stress, it's just as important to help him to avoid getting sick in the first place.

The immune system, whether for people or animals, is the body's complex defense system that works to protect against illness and disease. Equine Immune Booster by Cedar Bear Naturales™ is an immune system builder and enhancer that nutritionally supports and stimulates resistance to acute health imbalances with mild and sustained immune stimulating properties.

Formulated specifically for a horse's needs, Equine Immune Booster works to stimulate general and respiratory immune responses while supporting the digestive system, liver/gallbladder, and the lymphatic system. The herbs in this formula were specifically chosen for their action on most of the systems of the body, and to help stimulate white blood cells, T-cells and killer cells, and to increase and strengthen the body's inherent powers of resistance.

Equine Immune Booster is helpful when respiratory and digestive-related immune responses need strengthening and is especially effective at preventing acute symptoms if taken when an immune challenge is suspected or imminent before symptoms have a chance to take hold. It has the additional benefits of improving the liver's ability to clear toxins, benefiting digestion, and discouraging parasite infestations.

This formula can also be used topically as an eyewash for eye congestion or for topical first aid. For topical use, dilute with saline solution or distilled or boiled water.

**SUGGESTED USE:** 1/2 to 1 teaspoon (2.46–5.4 mL) for a medium sized horse each time taken, 2 or more times a day. Adjust amount used up or down according to horse's weight and need. During a health crisis, give Equine Immune Booster at frequent intervals throughout the day. During post-crisis and follow-up, give in the morning and in the evening.

**NOTE:** This formula is primarily a direct aid and should not be taken for extended continuous periods of time. Not

recommended for horses with acute liver disease, kidney disease, or during pregnant or lactating.

**CONTAINS:** Echinacea purpurea plant, elecampane root, Oregon grape root, milk thistle seed, goldenseal root, mBI™ Liquid Trace Minerals in a Kosher certified vegetable glycerin/purified water TincTract® base.

### MORE ABOUT THE HERBS IN THIS FORMULA:

- Echinacea Plant (*Echinacea purpurea*) is an immune system stimulant that increases white blood cell activity. Strengthens the immune system against acute health problems. This formula contains all parts of the echinacea plant.

- Elecampane Root (*Inula helenium*) is a respiratory expectorant and relaxant, soothes tissues, stimulates digestion, and builds pancreatic and liver function.

- Oregon Grape Root (*Berberis aquifolium*) supports immune function. Antiseptic, astringing, anti-inflammatory, this herb stimulates bile production and has antiparasitic action. Works on the digestive system and mucous membranes, and helps the liver eliminate excess toxins so the digestive system can eliminate waste better. Reduces inflammations of the kidney/urinary system.

- Milk Thistle Seed (*Silybum marianum*) is used for most liver/gallbladder conditions, helps protect and build liver function, and has a unique antioxidant action specific to the liver.

- Goldenseal Root (*Hydrastis canadensis*) has powerful antiseptic and immune stimulating properties, reduces inflammation in the respiratory, digestive, and urinary systems.

- mBI™ is a proprietary micro-fractionated liquid trace mineral supplement made using the exclusive CBN™ Citritol™ process that assists important enzymatic processes that are essential to immune function.

### WORKS WELL WITH THESE CBN™ FORMULAS:

Equine Daily Use & Recovery, Equine Wet Respiratory Aid, Equine LiverAntioxidants, Equine Lymphati•Clear™

ITEM: #767–4 oz; #768–8 oz
