

Pet's Anxiety Away!™

by CEDAR BEAR NATURALES®

Great Tasting 100% Alcohol-Free Liquid Herbal Products

Reduce Your Pet's Anxiety, Overactivity and Nervousness - Naturally!

If you have a highly “wired up” pet that stresses over every little thing, (or causes stress to you!), this formula just might do the trick. Pet'sAnxiety Away!™ helps to calm the high strung, tense, stressed, or anxious pet, giving you a chance to catch your breath.

Pet's Anxiety Away!™ is a nervine and digestive aid that calms a pet's nerves and settles uptight stomachs. It contains several effectively calming herbs that relax heart rates, muscles and nerves. Pet's Anxiety Away!™ is excellent for pets exhibiting separation anxiety, nervousness, and also helps young, rambunctious ones (18 months or younger) that need a calming dose now and then – especially when they are in training. For added calming support, use Pet's BTC™ Crisis/Stress Spray energetic formula along with Pet's Anxiety Away!™ herbal formula.

The herbs in this formula also help to normalize blood pressure levels and have a tonic (building) healing effect on overall nervous system, digestive, and liver health.

Stress and overactive behavior negatively affects a pet's ability to utilize and assimilate nutrients from their diet. Supplementation with highly bio-available nutrients is important to support a stressed pet's health. For the stressed or overactive animal, Pet's Daily Maintenance is also recommended, as well as Pet's Anti-Oxidants™, to reduce the negative effects of stress and anxiety in the body.

CONTAINS: English lavender flower, passionflower leaf, chamomile flower, skullcap leaf/stem/flower, hops strobile, valerian root, and mBI™ Liquid Trace Minerals in a kosher vegetable glycerin/purified water TincTract® base.

SUGGESTED USE: 1/3 teaspoon (2 ml) for a pet weighing 25–50 pounds, 1 to 3 times a day, or as needed. Adjust amount up or down according to size of pet and need. Shake well.

NOTE: Veterinarian supervision recommended during pregnancy.

MORE ABOUT THE HERBS IN THIS FORMULA:

- English Lavender Flower (*Lavandula angustifolia*) has been one of the most popular medicinal herbs since ancient times. Lavender flower has relaxing and soothing nervine qualities with strong antiseptic-based anti-parasitic qualities,

bringing a calming, soothing and healing effect to nerves. Also, high in calcium, an important mineral for calming nerves.

- Passionflower Leaf (*Passiflora incarnata*) has effective sedative and tranquilizing qualities. It has a positive effect on blood pressure levels, reduces anxiousness, and has an anti-inflammatory action on nerves and tissues.

- Chamomile Flower (*Matricaria recutita*) calms and soothes both the digestive and nervous systems. This herb is rich in calcium and magnesium salts, helping to relax the nervous system. It has anti-inflammatory, antispasmodic, and sedative actions, and reduces stomach upsets and gas.

- Skullcap Leaf/Stem/Flower (*Scutellaria lateriflora*) is one of the best herbs for nerves. It reduces anxiousness and nervousness, and is somewhat sedating. High in mineral content, it is also anti-inflammatory and supports liver function and the digestive system.

- Hops Strobile (*Humulus lupulus*), an aromatic bitter herb, has a sedating nervine effect that is relaxing and healing to the nervous system. It also helps to reduce spasms in the muscles, soothes the stomach and helps blood pressure levels to normalize.

- Valerian Root (*Valeriana officinalis*) is known as “nature's tranquilizer.” It has a strong sedating effect on the nervous system without side effects like drugs have. It is widely used in Europe for a wide variety of nervous conditions, for reducing sleep problems, irritability, and for general stress reduction. This herb is also beneficial for balancing blood pressure levels.

- mBI™ is a proprietary micro-fractionated liquid trace mineral supplement that assists important enzymatic processes essential to physical and emotional responses to stress.
