

Pet's Immune Booster

by CEDAR BEAR NATURALES®

Great Tasting 100% Alcohol-Free Liquid Herbal Products

An Herbal Formula to Boost Immune System Function

The immune system is the body's complex defense system that works to protect against illness and disease. Pet Immune Booster is an immune system builder and enhancer that nutritionally supports and stimulates resistance to acute health imbalances with mild and sustained immune stimulating properties. Pet Immune Booster is helpful when respiratory and digestive-related immune responses need strengthening and is especially effective at preventing illness if taken when an immune challenge is suspected or imminent, before symptoms have a chance to take hold.

The herbs in this formula were specifically chosen for their action on most systems of the body and to help stimulate white blood cells, T-cells and killer cells, and to increase and strengthen the body's inherent powers of resistance.

This formula has an additional benefit of improving liver activity to clear toxins, benefiting digestion, and discouraging parasite infestations.

This formula can be used topically as an eyewash for eye congestion. For topical use, dilute with saline solution or distilled or boiled water.

CONTAINS: Oregon grape root, echinacea (purpurea) root, black walnut hull, thyme leaf/stem lemon peel, mB!™ Liquid Trace Minerals in a kosher vegetable glycerin/purified water TincTract® base.

SUGGESTED USE: 1/3 teaspoon (2 ml) for a pet weighing 15–30 pounds each time taken 2 or more times a day. Adjust amount used up or down according to pet's size, weight and need. During a health crisis, give Pet Immune Booster™ at frequent intervals throughout the day. During post-crisis and follow-up, give in the morning and in the evening.

NOTE: This formula is primarily a direct aid and should not be taken for extended continuous periods of time. Because this is an immune stimulating formula, pets with autoimmune disorders should be given Pet Anti-Oxidants™ along with Pet Coat & Skin Care™ instead.

NOTE: Not recommended for animals with acute liver disease or injuries or kidney disease. This formula is not recommended for horses or for pregnant or lactating animals.

MORE ABOUT THE HERBS IN THIS FORMULA:

- Oregon Grape Root (*Berberis aquifolium*) supports immune function and possesses antibacterial and antiseptic properties. It is astringing, anti-inflammatory, stimulates bile production and has antiparasitic action. Works on the digestive system and mucous membranes. Excellent alternative to goldenseal root. Helps liver eliminate excess toxins so digestive system can eliminate waste better. Antibacterial in the urinary tract and reduces inflammations of the kidney/urinary system.

- Echinacea Root (*Echinacea purpurea*) is an immune system stimulant that increases white blood cell activity. Strengthens the immune system against acute health problems.

- Black Walnut Hull (*Juglans nigra*) is rich in iodine, a necessary component for many immune functions in the body, with a purifying immune action on the lymphatic system. This herb is astringent, reduces inflammation of mucous membranes in digestive and urinary tracts, and reduces parasites.

- Thyme Leaf/Stem (*Thymus vulgaris*) has strong antiseptic and antibacterial activity in the gastrointestinal, respiratory systems and kidney/urinary tract. Expectoant and cough reducer. Also antimicrobial, astringent, expels intestinal gas, antispasmodic, expels worms.

- Lemon Peel (*Citrus limon*) is a powerful liver tonic and supports efficient function of the digestive system by helping neutralize and destroy germs in the digestive system.

- mB!™ is a proprietary micro-fractionated liquid trace mineral supplement made using the exclusive CBN™ Citritol™ process that assists important enzymatic processes that are essential to immune function.

WORKS WELL WITH THESE CEDAR BEAR NATURALES® PET FORMULAS:
