

# Pet's Liver•Aid

by CEDAR BEAR NATURALES®

Great Tasting 100% Alcohol-Free Liquid Herbal Products

## An All-Natural Liver Tonic to Build and Strengthen the Liver

The liver is as vital an organ for pets as it is for people. It is responsible for filtering the blood and removing wastes, toxins and contaminants that can damage a pet's body and health. It also regulates glucose release for quick metabolic energy, synthesizes certain proteins for growth and repair of tissues, and even has a part in thyroid and adrenal function.

Inflammation in the liver's tissues, decreased liver function and scarring of liver tissues can happen from various causes such as certain illnesses and exposure to various drugs and chemicals, which are ever present in today's world. Such damage to the liver decreases liver function, which prevents the normal passage of blood through the liver.

Early stages of liver impairment in a pet may have few or no symptoms. Fever, chills, malaise, fatigue, vomiting, abdominal pain, skin rashes, and enlarged and tender liver tissues can signal liver problems. Inflammation and scarring in liver tissues interfere with its ability to do its many functions of manufacturing and storing nutrients, purifying the blood, and releasing bile for digestion and glycogen for energy reserves. Severe damage to the liver can result in extremely serious problems with health from toxins flooding the body that would normally be removed by the liver.

To be able to regenerate and rebuild itself and to protect it from further damage, the liver must have the proper components and nutrients to do so. Pet's Liver Aid by Cedar Bear Naturales® reduces inflammation, soothes and rebuilds liver tissues, and helps to strengthen the liver.

This liver-building formula is an effective daily-use liver tonic that strengthens, tones and protects liver structure and function without over-stimulating. Gentle enough for weakened livers, this formula actually helps liver tissues to heal and rebuild!

CONTAINS: Milk thistle seed, schisandra berry, calendula flower, reishi mushroom, usnea lichen and mB!™ Liquid Trace Minerals in a glycerin/purified water TincTract® base.

NOTE: Not recommended during pregnancy.

SUGGESTED USE: 1/3 teaspoon (2 ml) for an 15–30 pound pet, 1 to 3 times a day, or as needed. Adjust amount given up or down according to size of pet and need.

### MORE ABOUT THE HERBS IN THIS FORMULA:

- Milk Thistle Seed (*Silybum marianum*) is one of the most important herbs for healing the liver. It stimulates the regeneration of healthy liver tissue, protects the liver from toxins penetrating liver cells and from free-radical damage, and stimulates balanced bile production. Milk thistle's regenerative action has been proven through numerous studies on silymarin, a component of milk thistle that is one of the most potent liver protecting substances known.

- Schisandra Berry (*Schisandra chinensis*) is an adaptogenic herb that has antioxidant qualities, helps to protect the liver from toxic substances, gently stimulates immune resistance to illness without stimulating the immune system, and reduces sensitivities and allergic responses. Lignans in schisandra berry regenerate liver tissue damaged by harmful influences.

- Calendula Flower (*Calendula officinalis*) helps to heal liver tissues by soothing and reducing inflammation of the liver and gallbladder, balancing the over-secretion of bile, and has a mildly astringent action on the gallbladder. Calendula also soothes irritability caused by liver inflammation.

- Reishi Mushroom (*Ganoderma lucidum*) supports and enhances function of the immune system and healthy liver function, reduces serum cholesterol levels and gently thins the blood.

- Usnea Lichen (*Usnea barbata*) has antimicrobial action that helps to reduce mild inflammations in the body, as well as having a cool, healing action on the liver.

- mB!™ is a proprietary micro-fractionated liquid trace mineral supplement made using the exclusive CBN™ Citritol™ process that enriches and assists important enzymatic processes.

WORKS WELL WITH THESE CEDAR BEAR NATURALES® PET'S FORMULAS:

Pet's Anti-Oxidants, Pet's Arth•Joint Aid™, Pet's Coat & Skin Care, Pet's Digest•Aid™, Pet's ESSIAC Plus!™, Pet's Herbal Detox, Pet's Immune Booster, Pet's Lymphati•Clear
