

# Pet's Thyro•Boost™

by CEDAR BEAR NATURALES®

Great Tasting 100% Alcohol-Free Liquid Herbal Products

## Boosts and Rebuilds Underactive Thyroid Function

The thyroid gland is located on either side of the trachea in the throat. This important part of the endocrine system influences every organ system and function. The thyroid is the body's internal thermostat and controls how quickly a pet's body burns calories and uses energy. When the thyroid becomes underactive and produces too little of the thyroid hormones, metabolism rates and body functions slow down.

An underactive thyroid can cause many recurring health imbalances including weight gain, loss of appetite, malaise, lack of interest and mental dullness, dry, loose skin, hair loss on the trunk and tail, lack of coordination, muscle weakness and stiffness, low body temperature, and frequent illness, among other problems.

Possible influences that may depress thyroid function are environmental pollutants (including chlorine in drinking water), drug medications, exposure to x-rays, vaccinations, nutritional deficiencies, genetic tendencies and stress.

Iodine is extremely important to thyroid function because it is the basic substance of the thyroid hormone, thyroxin. This essential building block is often lacking in a pet's diet. Also, many essential nutrients in processed pet foods are simply not bio-available or bio-utilizable by your pet and this lack can contribute to both the pituitary gland producing too little thyroid stimulating hormone and to the thyroid becoming underactive.

In many cases, an underactive thyroid will respond favorably to dietary nutritional herbal supplements. Pet's Thyro•Boost™ by Cedar Bear Naturales® has been formulated specifically to provide the nutrients needed to help increase thyroid activity when it is functioning below normal levels. This formula works to activate the thyroid, builds structural integrity and iodine reserves, and is extremely high in a wide variety of mineral salts and vitamins that are necessary for optimal thyroid function. It is also helpful to give your pet when he has been or is about to be exposed to x-rays and radiation.

Low thyroid function occurs more commonly in dogs than in other animals. Their thyroid glands seem to be particularly susceptible to being effected by contaminants and nutritional deficiencies. If you have a concern over your pet's thyroid function, consult with your veterinarian to rule out more serious problems.

CONTAINS: Stinging nettle leaf, horsetail leaf/stem, kelp thallus, bladderwrack thallus, Irish moss thallus, dulse leaf, shepherd's purse leaf/stem/flwr, fenugreek seed, black walnut hull, sage leaf, mB!™ Liquid Trace Minerals in a kosher vegetable glycerin/purified water TincTract® base.

SUGGESTED USE: 1/3 teaspoon (2 ml) 1 to 3 times daily or as needed for a 15–30 pound pet. Adjust amount up or down according to weight and need.

NOTE: Not to be taken by pets on thyroid or heart medications without veterinary supervision, or during pregnancy. Do not use with pets that have overactive thyroid conditions. Not recommended for horses.

### MORE ABOUT THE HERBS IN THIS FORMULA:

- Stinging Nettle Leaf (*Urtica dioica*) is one of the richest plant sources of mineral salts and is especially good for developing bones, muscles, nerves and skin.
- Horsetail Leaf/Stem (*Equisetum arvense*) one of the richest sources of silica, builds bones, teeth, nails, hair and skin tone.
- Kelp Thallus (*Laminaria digitata*) Thyroid stimulant. High in iodine, important minerals like calcium, iron, and vitamin C factors; helps to reduce oversized thyroid and lymph nodes.
- Bladderwrack Thallus (*Fucus vesiculosus*) This seaweed is high in iodine and major minerals. A thyroid stimulant, it helps raise metabolic rate and reduces fatigue.
- Irish Moss Thallus (*Chondrus crispus*) Contains major minerals and B vitamins. A seaweed that is nutritive and clears the respiratory system.
- Dulse Thallus (*Pulmaria palmata*) High in iodine, stimulates thyroid function.
- Shepherd's Purse Leaf/Stem/Flower (*Capsella bursa-pastoris*) Excellent cholesterol balancer. Stops mild nosebleeds, excessive menstrual flow, diarrhea, reduces water retention.
- Fenugreek Seed (*Trigonella foenum-graecum*) Reduces respiratory and sinus inflammations, balances blood sugar, insulin, cholesterol; supports liver.
- Black Walnut Hull (*Juglans nigra*) A high source of iodine and silica.
- Sage Leaf (*Salvia officinalis*) Highly antiseptic, astringing, anti-inflammatory, antifungal, digestive remedy, reduces sweating.
- mB!™ is a proprietary micro-fractionated liquid trace mineral supplement made using the exclusive CBN™ Citritol™ process that enriches and assists important enzymatic processes.

### WORKS WELL WITH THESE CBN™ PET'S PRODUCTS:

Pet's Adreno•Build™, Pet's Antioxidants, Pet's Daily Maintenance

ITEM: 778–2 oz; 779–4 oz
