## A Gentle Immune System Builder and Tonifier

Many of us have gone through having problems with our health that keep happening over and over again that no one seems to be able to figure out what is going on. We go from doctor to doctor, trying to find the root of these confusing problems. They might be something as small as the annoying snifles and sneezes of allergic reactions, or chronic pain or fatigue, on up to more debilitating or degenerative health problems.

A large amount of problems people have with their health stem from the immune system, itself.

When the immune system repeatedly misfires in any way, it is called an autoimmune condition. When the misfiring continues over a long period of time and imbalances health, it is called an autoimmune disorder. When that disorder actually causes damage to organs and body systems, it is then classified as an autoimmune disease. What most people don't know is that there are now more than 70 conditions that are included in these categories.

The immune system's job is to decide what is part of the body (self) and what is not part of the body (not self), and to react accordingly. Statistics confirm that the rate of autoimmune problems have risen alarmingly, even among children, as many people's immune systems have become confused and begun to attack their own bodies, causing various serious and debilitating conditions.

Auto-Immune Nectar™ by Cedar Bear Naturales® is an immune system building tonic specifically formulated for those with autoimmune imbalances of any kind. It is an effective adaptogenic formula (adaptogenic means that it helps the body adapt to stress and pressures) to help rebuild and rebalance the immune system and gently build overall health.

This proven daily-use immune tonic is effective for reducing effects of autoimmune imbalances and is specifically designed for those who cannot use immune-stimulating herbs like echinacea, goldenseal, or even Oregon grape root.

**CONTAINS:** Schisandra berry, eleuthero root, gotu kola leaf, ashwagandha root, ginkgo leaf, spearmint leaf, oatstraw leaf/stem, licorice root, and *mB!*™ Liquid Trace Minerals in a kosher certified vegetable glycerin/purified water Tinctract® base.

**SUGGESTED USE:** 1/3–1/2 teaspoon (2–2.46 ml) 1 to 3 times a day, or as needed.

### MORE ABOUT THE HERBS IN THIS FORMULA:

- Schisandra Berry (*Schisandra chinensis*) helps to gently build the immune system without activating it. It also moderates stress and soothes the nerves. In Traditional Chinese Medicine, schizandra is known to support all organs and is used as an all around tonic (health building) herb.

- Eleuthero Root (*Eleutherococcus senticosus*) [Formerly called Siberian ginseng] supports and builds overall health and is often used for supporting autoimmune conditions.

- Gotu Kola Leaf (*Centella asiatica*) helps the circulatory system, enhances blood flow, and fortifies immune system responses without over-stimulating them.

- Ashwagandha Root (*Withania somnifera*) is an important rejuvenating and revitalizing herb from India that strengthens the immune system and overall endocrine system function.

- Ginkgo Leaf (*Ginkgo biloba*) gently benefits brain activity and helps the other herbs in this formula through its oxygen enhancing qualities on the circulatory system.

- Spearmint Leaf (*Mentha spicata*) is a cooling and settling digestive aid that also has a relaxing effect on the digestive and glandular systems.

- Oatstraw Leaf/Stem (*Avena sativa*) is cooling and pain relieving to overall body discomforts. It enriches the digestive, cardiovascular and glandular tissues.

- Licorice Root (*Glycyrrhiza glabra*) is a soothing, cooling, nutritive digestive aid that is especially suited to autoimmune conditions. Used for centuries in China, prevents and relieves inflammation and builds adrenal gland function.

- *mB!*™ is a proprietary micro-fractionated liquid trace mineral supplement made using the exclusive CBN™ Citritol™ process that enriches and assists important enzymatic processes.
