

Brain Booster

by CEDAR BEAR NATURALES®

Great Tasting 100% Alcohol-Free Liquid Herbal Products

Oxygenates and Nourishes the Brain, Increases Memory Recall

Need some extra brain power and get-up-and-go? Throughout the world for many centuries, herbs have been used to enhance energy levels and memory function.

Good brain activity primarily depends on a healthy oxygen and nutrient-enriched circulatory system. The more focused and intense your brain function is, such as students during study, business people at work, etc, the more blood oxygen you use.

Brain Booster was formulated to feed the brain and nerve tissues with the necessary minerals and to enhance oxygenated blood flow circulation upward to the brain and the spinal column.

Brain Booster builds neural activity and enhances memory recall as it nourishes the circulatory and nervous systems, slows aging and helps overall body function and health. This formula is effective for helping slow down and even reverse age related memory loss, as well as being used as a general memory and vitality support.

In addition to helping with memory, circulatory and brain function, Brain Booster has been used by athletes to improve endurance and stamina by increasing blood oxygen levels during workouts.

CONTAINS: Gotu kola leaf, ginkgo leaf, hawthorn berry, feverfew leaf/stm/flwr, ginger root, alfalfa leaf, horsetail leaf/stem, capsicum fruit and mB!™ Liquid Trace Minerals in a kosher certified glycerin/purified water TincTract® base.

NOTE: Contains capsicum, so people with sensitivity to capsicum (cayenne pepper) should not use this formula. Use Memory Plus™ instead. Not recommended for those on blood thinning medications or during pregnancy.

SUGGESTED USE: 1/3–1/2 teaspoon (2–2.46 ml) 1 to 3 times a day, or as needed.

MORE ABOUT THE HERBS IN THIS FORMULA:

- **Gotu Kola Leaf (*Centella asiatica*)** has a tonifying effect on the circulatory system and strengthens glandular responses to increase circulation in the outer parts of the body. This herb has been used in India for centuries to revitalize nerves and brain cells and has a reputation for helping to improve memory and concentration.

- **Ginkgo Leaf (*Ginkgo biloba*)** is high in antioxidant flavonoid content that tonifies and stimulates oxygenated brain activity. Its antioxidant activity helps reduce free radical damage that effects brain function. Ginkgo has been used for over 5,000 years in China and is the most widely used herb in the world today for supporting memory and rejuvenating the brain and the central nerv-

ous system and is also helpful for the eyes.

- **Hawthorn Berry (*Crataegus laevigata*)** contains cardiovascular supporting flavonoids that help to build the circulatory system's integrity, tissue strength and function. It has been used for centuries in Eastern medicine to treat memory problems as well as cardiovascular health and helps reduce LDL cholesterol levels. Hawthorn has high vitamin C cofactors that strengthen blood flow in the brain.

- **Feverfew Leaf/Stem/Flower (*Tanacetum parthenium*)** contains a gentle vasodilating agent that increases blood/oxygen flow to the brain and is also cooling to the circulatory system. It helps slow the rate at which blood clots, which has a beneficial action in brain-blood flow, and also inhibits histamine release into the blood stream, which decreases inflammation.

- **Ginger Root (*Zingiber officinale*)** is another herb that has been used for centuries in the East. Ginger helps to balance inner ear and brain function and settles digestive upsets that can draw excess blood from the brain into the bowel area.

- **Alfalfa Leaf (*Medicago sativa*)** has a mild blood purifying action, reduces inflammation, helps reduce LDL cholesterol levels, and is rich in both the major and trace minerals that build blood/oxygen and tissue integrity.

- **Horsetail Leaf/Stem [Shavegrass] (*Equisetum arvense*)** has mild blood-thinning action, is mildly diuretic and balances fluid dynamics throughout the body. Horsetail is rich in silicon, an essential trace mineral that aids in muscle, bone and nerve strength.

- **Capsicum Fruit (*Capsicum annum*)** is one of the most potent of all blood circulatory stimulants and is one of the richest sources of potassium, the major mineral most preferred by the brain.

- **mB!™** is a proprietary micro-fractionated liquid trace mineral supplement made using the exclusive CBN™ Citritol™ process. The complex trace mineral compounds found in mB!™ enrich and assist important enzymatic processes.

WORKS WELL WITH THESE CBN™ FORMULAS:

Antioxidant Berries Plus™, Cardio/Heart Smart™, Cholesto•balance™, Daily Herbals™ for Your Blood Type, Enviro/Chem Detox™, Goji Plus™, Healing Mushrooms™, Herbal Iron, Herbal Minerals™, Memory Plus™, Thyro•Boost™, Vitality Plus™, microBURST!™.

Item #307 2 oz, #308 4 oz
