

# Fever Buster™

by CEDAR BEAR NATURALES®

Great Tasting 100% Alcohol-Free Liquid Herbal Products

## For Blasting Fevers and Cold-like Symptoms Out of the Body

Fever Buster™ is a strongly activating direct aid specifically formulated for helping to break fevers and clear cold-like symptoms from the body. Based on a traditional Thompsonian formula that is over 150 years old, Fever Buster™ works to bust through symptoms as it pushes the acute conditions through the body. Fever Buster™ opens the elimination channels of the body and helps to relieve sore throats, stomach distress, and chills that accompany acute health imbalances.

The Thompsonian “furnace paradigm” works on the premise that when the avenues of elimination of the body are plugged (sweat glands, bowels, etc.), it’s like plugging the chimney to a furnace or fireplace. The smoke has to find a way out, and the house will get smokier and smokier until a way for the smoke to get out properly is opened up.

Just like when a chimney is plugged up, many cold and stomach distress symptoms occur because the body’s “chimneys” are blocked up. This causes symptoms that include coughs, congestion, and low-to-medium grade fevers. Here, the acute symptoms of colds and flu aren’t in-and-of themselves the illness. These symptoms are actually the body’s attempt to cure itself when allowed to fully flush itself out. By suppressing symptoms, we are risking prolonging the period of symptoms or creating cycles of illness because the body isn’t able to clear out naturally what it was trying to get rid of in the first place!

That’s why we say: **THERE IS NO CURE FOR THE COMMON COLD, BECAUSE THE COLD IS THE CURE!**

Fever Buster™ helps the body intensify its attempts to clear itself of congestion and fever by super-activating the healing process. In essence, it helps to “break” a fever by bringing it to the surface and opening skin pores and helping to flush the body out. This formula assists in speeding recovery through its strong action of activating the healing response instead of by trying to suppress symptoms.

Drink plenty of pure water when using this product, even doubling the amount of water one would normally drink. Eat only light foods, soups or broths while working to clear cold and flu symptoms quickly through the activation process. The old saying “Feed a cold, starve a fever” originally was “If you feed a cold, you will have to starve a fever.” The best thing is to “starve the cold” (i.e. no solid foods, but plenty of non-sugar/sweet fluids and water) so a fever won’t even have to be dealt with if the cold is allowed to run its naturally intended course.

**CONTAINS:** Bayberry root bark, white pine bark, ginger root, clove bud, capsicum fruit (cayenne pepper), and mB!™ Liquid Trace Minerals in a kosher certified vegetable glycerin/purified

water TincTract® base.

**NOTE:** Keep away from open wounds or burns. Avoid contact with eyes. Individuals that have sensitivity to cayenne pepper (capsicum) should not use this formula.) For high or lingering fevers, consult a qualified health provider.

**SUGGESTED USE:** Mix approximately 1/2–1 teaspoonful of Fever Buster™ in 1/2 cup of hot water and sip slowly, breathing in the vapors. If possible, take a hot soaking bath and/or wrap up in a blanket and lie down to allow the body to sweat, thus speeding the healing process in the body. May be used in conjunction with other CBN™ cold season direct aid formulas (see list below) for a total cold and feverbusting program.

### MORE ABOUT THE HERBS IN THIS FORMULA:

- Bayberry Root Bark (*Myrica cerifera*) is very drying and astringing, and is used for acute colds and sinus conditions. It has mild antiseptic and strong astringing properties, and is also mildly activating to the digestive system.

- White Pine Bark (*Pinus strobus*) is an astringent herb that dries tissues, is high in calcium and tannins, is very cooling, and also strengthens bone structure.

- Ginger Root (*Zingiber officinale*) eases the effects of colds and promotes perspiration. It is a gentle internal warming stimulant to the whole body, particularly the stomach, and aids digestion, abdominal cramps, headache and joint pains. It helps remove gas from the gastrointestinal tract and reduces flatulence. Ginger is used when one wants to increase heat in the upper digestive and lower respiratory areas of the body.

- Clove Bud (*Syzygium aromaticum*) is powerfully antiseptic and analgesic herb. It is high in tannins and flavonoids and helps to quickly clear cold symptoms and fever.

- Capsicum Fruit (*Capsicum annuum*), also known as cayenne, stimulates digestive activity and pushes energy out to extremities. It encourages sweating, which can help cleanse the body of toxins and fevers. It is extremely effective in the TincTract® liquid form.

### WORKS WELL WITH THESE CBN™ PRODUCTS:

Breathe Easy™, Immune Booster™, Super Immune Booster™, Liquid Throat Lozenge™, Mega Cold Plus™/Children’s Cold Plus™, Magnificent Mullein™ for Dry Coughs, Pain Away Willow Plus™, Sinus Relief, Wonderful Wild Cherry™ for Wet Coughs, microBURST!™. Single TincTract® of Capsicum (Cayenne Pepper).

Item #611 2 oz; #624 4 oz
