

Magnificent Mullein™ for Dry Coughs

by CEDAR BEAR NATURELES®

CEDAR BEAR NATURELES® Great Tasting 100% Alcohol-Free Liquid Herbal Products

MOISTURIZES RESPIRATORY TISSUES AND REDUCES SCRATCHY, DRY COUGHS

Have you ever had a dry, scratchy cough that just would not let up? You tried all the regular cough remedies, but the more of them you used, the more your throat felt like someone had dragged you through the Sahara desert at high noon. And worse of all, your dry, raspy cough increased instead of getting better!

Most cold and cough remedies are designed to dry up tissues that are excessively moist. They are for the coughing, sneezing, sniffing, watering eyes type of relief. When sore throats and coughs are resulting from cold or flu symptoms where there you can't seem to turn off the dripping faucet, those remedies can help to bring welcome relief. But when coughs and respiratory discomfort are caused by tissues that are inflamed and irritated from *lack* of moisture, grandma's favorite cherry syrup or lozenges can actually add to the problem.

Cedar Bear Naturales® Magnificent Mullein™ for Dry Coughs was the original natural herbal formula developed specifically to soothe and moisturize dry, irritated tissues. It helps reduce inflammation and relieves dry, hacking coughs and goes even further than the dry throat to help rehydrate all tissues in the respiratory system and even the digestive system. This original lung moistening formula also has an exclusive Aromaceutical™ Blend to strengthen the tissue soothing effects of the herbs throughout the body.

Magnificent Mullein™ for Dry Coughs not only helps reduce symptoms, but it is also high in ascorbates, antioxidants and respiratory-building mineral electrolytes to help speed recovery to health. Those exposed to various environmental pollutants and dry climates, dust allergy reactions, smoke, and other factors that cause respiratory tissues to become dry and difficult may find this unique formula brings them welcome relief.

For soothing Sahara Desert throats and drought-dry respiratory systems, this formula is the best!

CONTAINS: Mullein leaf, marshmallow root, angelica root, European elderberry, orange peel, calendula flower, mB!™ Liquid Trace Minerals, and a special respiratory-based Aromaceutical™ Blend in a kosher certified vegetable glycerin TincTract® base.

NOTE: Should not be used where excessive congestion and a moist, wet cough are present. (Use Wonderful Wild Cherry™ for Wet Coughs instead.)

SUGGESTED USE: 1/3 teaspoon (2 ml) 2 to 4 times a day, or as often needed to bring down symptoms.

MORE ABOUT THE HERBS IN THIS FORMULA:

- Mullein Leaf (*Verbascum thapsus*) builds the health and integrity of the respiratory system as it cools, soothes and lubricates dry, irritated tissues and helps relieve pain, spasms, and clear the lungs.

- Marshmallow Root (*Althea officinalis*) is soothing and cooling, relieves dry inflammations and irritations of the mucous membranes of the mouth, throat, gastrointestinal tract and urinary tract, and helps the body to overcome constipation and diarrhea caused by dry, irritated tissues in the body.

- Angelica Root (*Angelica archangelica*) soothes respiratory inflammation with its antiseptic and analgesic activity, enhances immune system function, and strengthens overall health.

- European Elder Berry (*Sambucus nigra*) has antioxidant flavonoid components, is high in vitamin C factors, helps to reduce coughs and bronchial congestion, and supports the body in dealing with congestion throughout the body, throat irritations and general cold symptoms.

- Orange Peel (*Citrus sinensis*) has important antiseptic aromatic components, possesses a gentle bronchial passage opening property, and aids in pulling excess fluids into the stomach chamber.

- Calendula Flower (*Calendula officinalis*) has a soothing antiseptic and anti-inflammatory action in the body and gently stimulates immune system function, reduces inflammations of internal organs, and helps to reduce fever.

- mB!™ is a proprietary micro-fractionated liquid trace mineral supplement made using the exclusive CBN™ Citritol™ process to enrich and assist important enzymatic processes.

- Aromaceutical™ Blend: A respiratory based aromaceutical blend (a specifically formulated essential oil blend) that enhances the actions of the herbs and assists in mineral electrolyte dynamics throughout the body.

WORKS WELL WITH THESE CBN™ FORMULAS:
