

Stomach Relief

by CEDAR BEAR NATURELES®

Great Tasting 100% Alcohol-Free Liquid Herbal Products

Effectively Reduces Gas, Bloating and Indigestion

Digestion problems of some form or another can happen at any age, from the youngest baby to the oldest adult.

Stomach discomfort and pain aren't just a nuisance. When the digestive system is functioning less than perfectly, this can contribute to other health problems, as well. Stress to the immune system, food sensitivities, and poor absorption of nutrients are some of the difficulties that come with poor digestion.

There are herbs that are a whole, healthy and natural approach to supporting digestive function that are uniquely able to help reduce stomach distress. (Catnip, while stimulating cats, is calming and sedating to humans, especially for the digestive system.)

Stomach Relief by Cedar Bear Naturales® is a uniquely effective formula for reducing gas, bloating and indigestion. This formula uses a combination of gentle herbs to soothe and relax the digestive tract and helps improve digestive function.

Stomach Relief supports proper stomach acid balance and helps to reduce frequency and intensity of stomach distress.

Instead of reaching for over-the-counter and prescription medications that merely block stomach acids and pain and further unbalance digestive functions, use Cedar Bear Naturales® Stomach Relief to reduce gas and stomach pain and support the healing of delicate stomach tissues.

For acid belching and acid indigestion, use Digestive Build™.

CONTAINS: Catnip leaf/stem, meadowsweet leaf/stem, fennel seed, mB!™ Liquid Trace Minerals, and a special anti-flatulence Aromaceutical™ Blend in a kosher vegetable glycerin/purified water TincTract® base.

SUGGESTED USE: 1/3–1/2 teaspoon (2–2.46 ml) as needed for stomach distress. May be taken every 15–30 minutes to achieve desired results.

NOTE: Should not be used by those on blood thinning medications, ulcer medications, or with aspirin sensitivity. For acid belching, use CBN™ Digestive Build™.

MORE ABOUT THE HERBS IN THIS FORMULA:

- Catnip Leaf/Stem (*Nepeta cataria*) was used extensively in Europe as a calming drink before black teas were introduced to England from the Orient. This herb effectively relieves stomach cramps and is slightly sedative with a gentle diuretic effect that increases gallbladder activity. Catnip has excellent pain reducing qualities. It has a constituent that is similar to those found in valerian, an herb that is well known for its sedating action.

- Meadowsweet Leaf/Stem (*Filipendula ulmaria*) is a moderately astringent herb that is a settling, salicin-rich digestive aid. It cools and calms the gastrointestinal system, reduces heartburn and over-acidity of the stomach, and is often used in place of aspirin for individuals who have sensitive digestive systems.

- Fennel Seed (*Foeniculum vulgare*) is antispasmodic, helps to increase proper gastrointestinal activity, calms mild spasms in the gastrointestinal tract, and reduces bloating. It works to effectively break up and expel flatulence. Fennel has been used in many cultures to prevent gas and stomach upsets.

- mB!™ is a proprietary, microfractionated liquid trace mineral base made using the exclusive CBN™ Citritol™ process to enrich and assist important enzymatic processes essential to this formula.

- Aromaceutical™ Blend: Contains a special anti-flatulence aromaceutical blend that enhances the actions of the herbs and assists in mineral electrolyte dynamics throughout the digestive and nervous system.

WORKS WELL WITH THESE CBN™ PRODUCTS:

Candida/Yeast Away™, Calming Chamomile™, Digestive Build™, Herbal Laxative, Herbal Minerals™, Pancre•Aid™, Parasite Cleanse, BTC™ Crisis/Stress Emergency Blend, BTC™ Focus & Calming, microBURST!™.
