

Cedar Bear Naturales®

Pet's Liquid Herbal Products

What is a TincTract®?

TINCture exTRACTion: Better than a Tincture, Better than an Extract

Based on ancient principals specifically honoring millenia of nature-based healing wisdom, TincTracts®, as produced only by Cedar Bear Naturales®, are potent, great tasting, 100% true alcohol-free liquid herbal products.

Cedar Bear Naturales® TincTract® products work to bring back balance to health. They contain an herb's entire broad spectrum of active constituents and compounds, bio-active minerals and trace minerals – all in a ratio-intact synergy – necessary for the development of healthy cells for building healthy tissues, organs, and enhancing natural vibrant energy. The nutrients, active constituents and colloidal minerals of a liquid TincTract® go directly into the cell to do their work to properly enhance health and well-being.

What makes a TincTract® so different from any other liquid herbal product? – Or any other herbal product, for that matter?

- Only whole herb parts are used, so Nature's intended healing benefits are present in their natural, synergistic ratios in each individual herb.
- The multiple steps of the complete TincTract® procedure takes anywhere from days to weeks, depending on the herb being processed.
- No alcohol is ever used in the TincTract® process. Alcohol denatures the bio-active enzymes, making them inert.
- No preservatives or additives added. Naturally preserved by the glycerin ratios *and* the TincTract® process.
- No refrigeration needed, and a stated 3-year 'best used by' date is put on the label.
- TincTracts® are Vegan and Kosher compliant.
- Being liquids, TincTracts® are highly absorbable by the body.
- Individually processed single herb TincTracts® are blended in special proprietary ratios to create the unique Cedar Bear Naturales® formulas, which work synergistically together, resulting in amazingly effective products.

General Use Table for Cedar Bear Naturales® TincTract® Pet's Formulas:

| | | |
|---------------|---|------------------------------------|
| 1/8 teaspoon | = | up to 8 lbs |
| 1/4 teaspoon | = | 8–25 lbs |
| 1/3 teaspoon | = | 25–50 lbs |
| 1/2 teaspoon | = | 50–150 lbs |
| 2/3 tsp–1 tsp | = | 150 lbs and over (includes horses) |

Liquid TincTract® formulas can be given straight in the mouth, or diluted in a small amount of water. Formulas that are specifically nutritional and digestive based can be given with food, however, most formulas are best given on an empty stomach.

Unlike pills and capsules, the amount used for a liquid TincTract® is totally adjustable and under the control of the person giving it. If a particular pet needs less than the general recommendation (or more, for that matter), the amount the pet actually needs can easily be given. This makes it possible to give small, frequent doses (sometimes small amounts every hour help to overcome acute health problems much faster), increase the amount given at a time when necessary, or give just the right amount for maintenance and daily use.

The amount given to a pet of a Cedar Bear Naturales® product is generally less specific than drugs, whether over-the-counter or prescription, because a TincTract® is a true nutritional supplement, not a medication. While many formulas are targeted to benefit and build the health of specific systems and organs, the intrinsic wisdom of the body puts any additional minerals and other nutrients to work for benefiting and balancing health throughout the body.

Pet's Adreno•Aid™

Balances and Builds Healthy Adrenal Function –

Pet's adrenal systems are more challenged and stressed than ever before, and many health imbalances and anxious or hyperactive behavior in pets stem from imbalanced adrenal glands that are either exhausted or over-producing adrenaline in spurts (which contributes to anxiousness and the development of adrenal exhaustion). Pet's Adreno•Aid™ is a natural herbal support formula with both adaptogenic and nervine herbs that rebuild, balance, and support the adrenal glands. It provides necessary minerals and herbal source vitamins that are rich in adrenal sustaining components. This special combination of herbs also helps to relieve anxiousness and rebuild the nervous system.

CONTAINS: Astragalus root, wood betony leaf/stem/flower, ginkgo leaf, eleuthero root, gotu kola leaf, licorice root, English lavender flower, spearmint leaf, and mB!™ Liquid Trace Minerals in a kosher vegetable glycerin/purified water TincTract® base.

NOTE: Veterinarian supervision recommended if high blood pressure or diabetes are present. Not recommended during pregnancy.

SUGGESTED USE: 1/3 teaspoon (2 ml) 1 to 3 times a day, or as needed, for a pet weighing 25–50 pounds. Shake Well. May be used daily.

Item: #674 2 oz; #675 4 oz; #676 8 oz

Pet's Anti-Oxidant/Liver Protector

Natural Herbal Antioxidant Supplementation Especially for the Liver –

For pets of all ages to slow the aging process, support cellular and immune function, and protect and rebuild liver health. (Good liver function is essential to a long, healthy life.) Protects pets from free radical cells that damage health, often caused by cigarette smoke (secondary smoke from cigarettes causes free radical activity in pet's bodies), radiation from the sun, processed foods, normal oxidation by normal body metabolism and by exercise and stress, and toxins such as those from vaccinations, herbicides, pesticides, water and air pollution. Gentle on the digestive system.

CONTAINS: Chicory root, milk thistle seed, olive leaf, European elder berry, sarsaparilla root, and mB!™ Liquid Trace Minerals in a kosher vegetable glycerin/purified water TincTract® base.

NOTE: Veterinary supervision recommended for use during pregnancy.

SUGGESTED USE: 1/3 teaspoon for a pet weighing 25–50 pounds, 1 to 3 times a day, or as needed. Adjust amount up or down according to size of pet and need. May be used daily.

Item: #656 2 oz; #632 4 oz; #633 8 oz

Pet's Anti-Parasite

An Herbal Formula for Intestinal Parasites –

Neutralizes and expels a wide range of parasites and discourages parasite infestations. Moderates digestive system environment, allowing beneficial flora to flourish. Nervousness and inability to settle down, lackluster coats and general poor health can often be traced to parasite activity. Improves your pet's health while gently getting rid of internal parasites. Best given on empty stomach and used for several weeks at a time for two periods of time to cover various parasite life cycles.

CONTAINS: Orange peel, black walnut hull, English lavender flower, European pennyroyal leaf/stem/flower, wormwood leaf/stem, gentian root, clove bud, tansy leaf/stem/flower and mB!™ Liquid Trace Minerals in a kosher vegetable glycerin/purified water TincTract® base.

NOTE: Do not give to pregnant animals or when active stomach ulcers are present. For horses, use Cedar Bear Naturales® Equine Parasite Management.

SUGGESTED USE: 1/2–2/3 teaspoon for a pet weighing 25–50 pounds, 2 to 3 times a day for 1 month on an empty stomach. Give a 2-week break, then use for an additional 2–4 weeks. Adjust amount up or down according to size of pet and need.

Item: #650 2 oz; #634 4 oz; #635 8 oz

Pet's Anxiety Away!™

Calms Nerves and Settles Digestion –

A gentle nervine and digestive aid that calms nerves and settles stomachs, relaxes heart rates and muscles. Helps to calm the high-strung, tense, stressed, or anxious pet. Has a tonic (building) healing effect on the overall nervous system, digestive, and liver health. Excellent for pets exhibiting separation anxiety and nervousness, and also helps young, rambunctious ones (18 months or younger) that need a calming dose now and then. (For added support, also use Pet's BTC™ Crisis/Stress Spray.)

CONTAINS: English lavender flower, passionflower leaf, chamomile flower, skullcap leaf/stem/flower, hops strobile, valerian root, and *mB!*™ Liquid Trace Minerals in a kosher vegetable glycerin/purified water TincTract® base.

SUGGESTED USE: 1/3 teaspoon for a pet weighing 25–50 pounds, 1 to 3 times a day, or as needed. Adjust amount up or down according to size of pet and need.

Item #651 2 oz; #638 4 oz; #677 8 oz

Pet's Arth•Joint Aid™

Herbal Relief for Inflammatory Pain in Joints and Muscles –

Re-establishes the balance of minerals in and around affected tissues, removes excess fluids from surrounding tissues to reduce inflammation and joint and muscle pain. Helps to rebuild tissues, enhance metabolic processes that clear proteins and toxins from within the cells, and restore function and balance to the body without side effects. Gets pets moving again!

CONTAINS: Alfalfa leaf, cornsilk, stinging nettle leaf, fenugreek seed, horsetail leaf/stem, devil's claw root, black walnut hull, yucca root, *mB!*™ Liquid Trace Minerals in a kosher vegetable glycerin/purified water TincTract® base.

NOTE: Veterinarian supervision necessary if blood-thinning medications are being used. Do not give to pregnant animals. For horses, use Cedar Bear Naturales® Equine Arth•Joint Aid™.

SUGGESTED USE: 1/3 teaspoon for a pet weighing 25–50 pounds, 1 to 4 times a day, or as needed. Adjust amount up or down according to size of pet and need. Best taken on an empty stomach first thing in the morning, between meals and/or last thing in the evening. May be used daily for chronic needs.

Item #657 2 oz; #636 4 oz; #637 8 oz

Pet's Coat & Skin Care

A Liver/Blood Cleansing Formula that Supports Health from the Inside Out –

Has a gentle liver/blood-cleansing action that works with the digestive system and immune system to clean and clear the blood, digestive and hepatic system, and build a foundation that results in healthier skin and fur/hair.

CONTAINS: Burdock root, dandelion root, sarsaparilla root, beet root, calendula flower, Oregon grape root, anise seed, lemon peel, and *mB!*™ Liquid Trace Minerals in a kosher vegetable glycerin/purified water TincTract® base.

NOTE: Not recommended during acute bowel obstruction or during pregnancy.

SUGGESTED USE: 1/3 teaspoon for a pet weighing 25–50 pounds, 2 to 3 times a day for reducing coat/skin problems, once a day for maintenance support. Adjust amount up or down according to size of pet, as well as need. For best results, to be given on an empty stomach.

ITEM: #652 2 oz; #639 4 oz; #678 8 oz

Pet's BTC™ Chemical Detox•E

Works on the subtle energies of the body to flush out deeply imbedded toxic chemicals, organic and vaccination based toxins, and those due to exposure to water and/or air pollution. (Recommended also: Pet's Herbal Detox™ herbal formula.)

[Similar to homeopathy, BTC™ (Biologically Targeted Coherent energy) products work through the energies of the body to bring benefit and balance to emotional and physical health.]

NOTE: If there is any question of safety from chemical or toxic poison exposure, call your veterinarian immediately.

CONTAINS: Oxygen and laser enriched glycerated water, structured complex liquid trace mineral blend (*mB!*™ Liquid Trace Minerals) and a proprietary Cedar Bear Naturales® complex BTC™ energy signature.

SUGGESTED USE: 3–6 sprays either in the mouth, on the face, or onto a small amount of water or food for drinking or eating immediately. (Use whatever method your pet likes best.) Adjust number of sprays up or down according to need. May be used every few minutes during a crisis.

ITEM: #727 1 oz Spray

Pet's BTC™ Crisis/Stress

Works on the subtle energies of the body to reduce emotional stress from crisis, trauma, and stressors. Use before and during transporting pet, visits to the vet, separation from familiar surroundings or people, and for any situation that may cause emotional stress to the pet. Helps pets that have difficulty in paying attention to tasks, reduces irritability, and quiets rambunctious puppies. (Recommended also: Pet's Anxiety Away!™ herbal formula.)

[Similar to homeopathy, BTC™ (Biologically Targeted Coherent energy) products work through the energies of the body to bring benefit and balance to emotional and physical health.]

CONTAINS: Oxygen and laser enriched glycerated water, structured complex liquid trace mineral blend (*mB!*™ Liquid Trace Minerals) and a proprietary Cedar Bear Naturales® complex BTC™ energy signature.

SUGGESTED USE: 3–6 sprays either in the mouth, on the face, or onto a small amount of water or food for drinking or eating immediately. (Use whatever method your pet likes best.) Adjust number of sprays up or down according to need. May be used every few minutes during a crisis.

ITEM: #655 1 oz Spray

Pet's Daily Maintenance

An Herbal Formula for Daily Vitamin/Mineral Replenishment –

A concentrated herbal source of easily assimilated essential major minerals, trace minerals, and vitamins necessary for building and maintaining general immunity, vitality and energy. Helps your pet develop and maintain strong teeth and bones, reduce possible development of structural problems, speed healing of injuries, and build resistance to disease. Excellent for all ages, and during pregnancy.

CONTAINS: Alfalfa leaf, oatstraw leaf/stem, stinging nettle leaf, horsetail leaf/stem, raspberry leaf, yarrow flower, peppermint leaf, chamomile flower, dill weed leaf/stem and *mB!*™ Liquid Trace Minerals in a kosher vegetable glycerin/purified water TincTract® base.

NOTE: For horses, use Equine Recovery & Daily Use by Cedar Bear Naturales®.

SUGGESTED USE: 1/3 teaspoon for a pet weighing 25–50 pounds, 1 to 3 times a day. Adjust amount up or down according to size of pet, as well as need.

ITEM: #653 2 oz; #640 4 oz; #641–8 oz

Pet's Digest•Aid

A Natural Herbal Formula to Aid Digestion –

Improves digestive processes and reduces upset stomach, abdominal distention and bloating, colicky spasms, inflammation, digestive irritability, flatulence, and bad breath due to digestion problems. Helps improve appetite for those pets that just don't feel like eating. Regular use builds digestive integrity and improves overall health.

CONTAINS: Beet root, alfalfa leaf, chamomile flower, catnip leaf/stem, carrot seed, celery seed, lovage leaf and *mB!*™ Liquid Trace Minerals in a kosher vegetable glycerin/purified water TincTract® base.

SUGGESTED USE: 1/3 teaspoon for a pet weighing 25–50 pounds, 1 to 3 times a day. Adjust amount up or down according to size of pet, as well as need. May be used daily. Give with food or just before to improve overall digestion, give between meals for gas/flatulence reduction.

ITEM: #658 2 oz; #642 4 oz; #643 8 oz

Pet's ESSIAC Plus!™

Traditional Cellular Support Remedy Now For Pets, Too! –

This blood and liver purifying herbal formula gives cellular, digestive tract function, immune system support and builds overall health while supporting the body's resistance to infection. Also beneficial for increasing healthy body and tissue integrity through its soothing and nutritive action. Formulated for long-term use.

CONTAINS: Burdock root, sheep sorrel leaf/stem/flower, slippery elm bark, Chinese rhubarb root, *mB!*™ Liquid Trace Minerals in a kosher vegetable glycerin/purified water TincTract® base. For specific cleansing, building, long-term daily use.

NOTE: Not to be given to pregnant animals or during acute bowel obstructions.

SUGGESTED USE: 1/2–1 teaspoon for a pet weighing 25–50 pounds, 2 to 3 times a day, or as needed. Adjust amount used up or down according to size of pet, and need. Use more when aggressively working to overcome a health imbalance and less for follow-up support.

ITEM: #682 4 oz; #643 8 oz

Pet's Female Toner/Pregnancy Blend

An Herbal Formula to Support Healthy Reproductive Organs –

A nutritionally dense mineral and vitamin rich herbal formula that supports labor, delivery, and recovery. An effective uterine toner and builder for the last half of pregnancy and after delivery. Supports major and trace mineral levels specific to pet pregnancy to help produce beautiful, healthy offspring. [Mineral deficiencies in mothers not only can lead to problems for their own bodies, but the same mineral deficiencies in a developing offspring can contribute to a wide range of underdeveloped body systems problems (especially of the brain/nerves and respiratory systems), as well as weakened immune response with resultant allergies and sensitivities. Recommended: For best mineral nutritional support, also use Pet's Daily Maintenance throughout pregnancy and after delivery.]

CONTAINS: Raspberry leaf, elecampane root, beet root, horsetail leaf/stem, oatstraw leaf/stem, partridge berry leaf/stem/flower and *mB!*™ Liquid Trace Minerals in a kosher vegetable glycerin/purified water TincTract® base.

NOTE: Do not use during first period of pregnancy. Use Pet's Daily Maintenance during that time.

SUGGESTED USE: 1/3 teaspoon for a pet weighing 25–50 pounds, 1 to 2 times daily, or as needed. Adjust amount up or down according to weight and need.

ITEM: #659 2 oz; #645 4 oz

Pet's Herbal Detox

Clears Environmental and Chemical Toxins From Tissues and Protects the Liver –

General malaise and chronic immune problems often have their roots in exposure to toxins, either immediate exposure or long-term exposure that causes toxins to settle in the body. Outdoor toxins such as pesticides, chemical fertilizers, and unclean water and air negatively affect our pets' health, while vaccines further challenge their immune systems. This formula works to purify the blood, protect and support organs that are often negatively effected by toxicity, and to protect the body from further damage while protecting the liver and assisting with liver function for efficient removal of systemic waste and absorbed toxins.

CONTAINS: Sarsaparilla root, European elder berry, chicory root, milk thistle seed, lemon peel, sweet goldenrod leaf/stem/flower, black walnut hull, burdock root, sage leaf, yellow dock root, yarrow flower, chaparral leaf, usnea lichen, goldenseal root, *mB!*™ Liquid Trace Minerals in a kosher vegetable glycerin/purified water TincTract® base.

NOTE: Do not give to pregnant animals.

SUGGESTED USE: For Detoxification Program: 1/2–3/4 teaspoon for a pet weighing 25–50 pounds, 2 to 4 times/day for one or more months. For Maintenance Use: 1/3–1/2 teaspoon, 1 to 3 times a day. Adjust amount up or down according to size of pet and need. Give between meals or with a fasting detox program. Formulated for long-term use.

ITEM: #679 2 oz; #680 4 oz; #681 8 oz

Pet's Herbal Laxative

All-Natural Laxative from Whole Herbs –

Facilitates bowel movement by relaxing and loosening the bowels to create a gentle and effective laxative action without cramping; soothes and supports digestion.

CONTAINS: European elder berry, catnip leaf/stem, licorice root, black walnut hull, fennel seed, anise seed, senna leaf, cascara sagrada bark, buckthorn bark in a kosher vegetable glycerin/purified water TincTract® base.

NOTE: Do not use for extended periods, or when bowel obstruction or diarrhea is present. Do not give to pregnant animals. Not recommended for horses.

SUGGESTED USE: 1/3–1/2 teaspoon for a pet weighing 25–50 pounds, 1 to 3 times a day. Adjust amount up or down according to size and weight of pet, as well as need. Not intended for long-term use.

ITEM: #664 2 oz; #665 4 oz

Pet's Immune Booster

Boosts Immune System Function –

Stimulates resistance to many acute illnesses and aids general immune responses. Helps stimulate white blood cells, T-cells and killer cells, and increase and strengthen the body's inherent powers of resistance. [Prevention: This formula is an excellent preventative to give when possible exposure to other pets is expected, such as at pet shows, parks, kennels, and veterinary clinics. Give immediately when exposure is suspected before symptoms develop, and to all pets in the house as well as the one that is affected when one pet had developed acute symptoms.]

CONTAINS: Oregon grape root, echinacea purpurea root and leaf/stem/flower, black walnut hull, lemon peel, thyme leaf, and *mB!*™ Liquid Trace Minerals in a kosher vegetable glycerin/purified water TincTract® base.

NOTE: Should not be taken for extended continuous periods. Not recommended for pregnant or lactating animals or those with acute liver or kidney disease. Use with care with inflammatory autoimmune problems. For horses, use Cedar Bear Naturales® Equine Products.

SUGGESTED USE: 1/3 teaspoon for a pet weighing 25–50 pounds, 2 or more times a day, or as needed during an acute health crisis. Adjust amount up or down according to size and weight of pet, as well as need. During a health crisis, give Pet Immune Booster at frequent intervals throughout the day. During post-crisis and follow-up, give in the morning and in the evening.

ITEM: #654 2 oz; #644 4 oz; #683 8 oz

Pet's Kidney•Aid

An Herbal Formula to Support Kidney/Bladder Function –

Gently builds kidney and urinary functions and has an antiseptic action on the urinary tract that helps reduce tendencies towards infections and irritations in the kidneys and urinary tract, as well as reducing problems with sudden urine loss.

CONTAINS: Juniper berry, dandelion leaf, cleavers leaf/stem/flower, cornsilk, horsetail leaf/stem, and *mB!*™ Liquid Trace Minerals in a kosher vegetable glycerin/purified water TincTract® base.

NOTE: If pet is on prescription medications, consult veterinarian before using this product. Not recommended for pregnant animals. For horses, use Cedar Bear Naturales® Equine Kidney•Aid.

SUGGESTED USE: 1/3 teaspoon for a pet weighing 25–50 pounds, 2 to 3 times a day. Adjust amount given up or down according to size of pet and need. Use 1 to 2 times daily for maintenance support after crisis is over.

ITEM: #668 2 oz; #669 4 oz; #684 8 oz

Pet's Liver•Aid

An Herbal Formula for Building and Protecting the Liver –

A daily-use liver tonic that gently and effectively supports the rebuilding of damaged liver tissues. Gentle enough for weakened livers, this formula actually helps hepatic tissues to heal and rebuild!

CONTAINS: Milk thistle seed, schisandra berry, calendula flower, reishi mushroom, usnea lichen and *mB!*TM Liquid Trace Minerals in a kosher vegetable glycerin/purified water TincTract® base.

NOTE: Not recommended for pregnant animals.

SUGGESTED USE: 1/3 teaspoon for a pet weighing 25–50 pounds, 2 to 3 times a day. Adjust amount given up or down according to size of pet and severity of need. Use 1 to 2 times daily for maintenance after crisis is over.

ITEM: #742 2 oz; #743 4 oz; #744 8 oz

Pet's Lymphati•ClearTM

An Herbal Formula That Clears Out Lymphatic Congestion –

A lymphatic system clearing, infection fighting, and immune enhancing formula that helps reduce lymph node inflammation and swelling. Clears deep chronic as well as acute congestion from the body, leading to speedier recovery and better health.

CONTAINS: Cleavers leaf/stem/flower, red root bark, echinacea purpurea root and leaf/stem/flower, European elder berry, blue vervain leaf/stem/flower, yarrow flower, myrrh oleo-gum-resin, thyme leaf, *mB!*TM Liquid Trace Minerals in a kosher vegetable glycerin/purified water TincTract® base.

NOTE: Not recommended for pregnant animals.

SUGGESTED USE: 1/3 teaspoon for a pet weighing 25–50 pounds, 2 to 3 times a day, or as needed. Adjust amount given up or down according to weight and need.

ITEM: #685 2 oz; #686 4 oz; #687 8 oz

Pet's Pain Relief – Salicin rich formula

Anti-Inflammatory And Pain Reducing For Both Acute And Chronic Pain –

An all-natural whole herb pain relieving formula that helps relieve certain types of aches and pains, such as muscle pain, joint pain, and general nerve pain. Causes little or no stomach upset and is also an effective and gentle fever reducer.

CONTAINS: Meadowsweet leaf, white willow bark, wild lettuce leaf, gelsemium root, *mB!*TM Liquid Trace Minerals in a kosher vegetable glycerin/purified water TincTract® base.

NOTE: Do not give to cats. Cats can experience kidney failure when given aspirin or salicylates. Not recommended for pregnant animals.

SUGGESTED USE: 1/3 teaspoon for a pet weighing 25–50 pounds, 1 to 3 times a day, or as needed. Adjust amount given up or down according to size of pet and need.

ITEM: #670 2 oz; #671 4 oz; #672 8 oz

Pet's Respir•AidTM for Dry Coughs

An Herbal Formula to Moisten Respiratory Tissues –

Eases dry, hacking, convulsive coughs and chronic respiratory conditions caused by dry, irritated respiratory tissues. This formula helps reduce chronic as well as acute inflammation and works to re-hydrate all tissues in the respiratory system, digestive system, and kidney/urinary tract.

CONTAINS: Mullein leaf, marshmallow root, angelica root, orange peel, European elder berry, calendula flower and *mB!*TM Liquid Trace Minerals in a kosher vegetable glycerin/purified water TincTract® base.

SUGGESTED USE: 1/3 teaspoon for a pet weighing 25–50 pounds, 2 or more times a day, or as needed. Adjust amount given up or down according to size of pet and need. May be given several times a day during a health crisis.

NOTE: “Kennel Cough” is a bacterial condition and may require additional immune boosting support.

ITEM: #660 2 oz; #646 4 oz; #688 8 oz

Pet’s Respir•AidTM for Wet Coughs

An Herbal Expectorant Formula to Dry Respiratory Tissues –

Specifically formulated for acute wet coughs and wet respiratory congestion. Helps clear cold/allergy symptom-based coughs by making them more productive and by drying out respiratory tissues, including the lungs. Effectively cools and soothes raw respiratory tissues while removing excess mucus and congestion.

CONTAINS: White pine bark, chokecherry bark, spikenard root, elecampane root, European elder berry, licorice root and cinnamon bark in a kosher vegetable glycerin/purified water TincTract® base.

NOTE: Acute lung and bronchial congestion may require additional immune boosting support. Not recommended for pregnant animals.

SUGGESTED USE: 1/3 teaspoon for a pet weighing 25–50 pounds, 2 or more times a day. May use every 30 to 60 minutes until crisis abates, then 2 to 3 times a day until symptoms go away. Adjust amount given up or down according to size of pet and need.

ITEM: #689 2 oz; #690 4 oz; #691 8 oz

Pet’s Respir•EaseTM for Easier Breathing

An Herbal Formula to Open Restricted Respiratory Passages –

Reduces wheezing and chronic congestion as it helps to moderate many kinds of chronic coughs and spasms of the bronchial passages. Works to open up restricted bronchial passages, balance upper respiratory tract functions, and soothe delicate tissues. Effective for reducing sensitivities to environmental irritants, such as pollen and dust. Has a gentle pain relieving quality.

CONTAINS: Eyebright leaf/stem/flower, stinging nettle leaf, European elder berry, feverfew leaf/flower, chamomile flower, sweet goldenrod leaf/stem/flower, lemon peel, hawthorn berry, and *mB!*TM Liquid Trace Minerals in a kosher vegetable glycerin/purified water TincTract® base.

NOTE: Not recommended for pregnant or lactating animals.

SUGGESTED USE: 1/3 teaspoon for a pet weighing 25–50 pounds, 2 or more times a day for chronic needs. Adjust amount given up or down according to size of pet and need. May give several times a day during health crisis.

ITEM: #661 2 oz; #648 4 oz; #692–8 oz

Pet’s Stomach•Aid Formula

Natural Herbal Aid for Motion Sickness, Intestinal Gas and Flatulence –

A stomach soothing herbal formula that reduces nausea, soothes digestive tissues, and benefits digestion. Excellent for motion sickness. (For pets that are prone to motion sickness, withhold food for several hours before traveling.)

CONTAINS: Ginger root, peppermint leaf, fennel seed, *mB!*TM Liquid Trace Minerals in a kosher vegetable glycerin/purified water TincTract® base.

SUGGESTED USE: 1/3 teaspoon for a pet weighing 25–50 pounds, 2 to 4 times a day, or as often as needed for relief. May be given several times in a day. Adjust amount up or down according to weight and need.

ITEM: #775 2 oz; #776 4 oz; #777 8 oz

Pet's Thyro•Boost™

Boosts and Rebuilds Underactive Thyroid Function –

Extremely high in mineral salts and vitamins that are necessary for optimal thyroid function. Works to activate the thyroid and build structural integrity and iodine reserves. [An underactive thyroid, often brought about by lack of iodine, can cause many recurring health imbalances including weight gain, loss of appetite, malaise, lack of interest and mental dullness, dry, loose skin, hair loss on the trunk and tail, lack of coordination, muscle weakness and stiffness, low body temperature, and frequent illness, among other problems. Possible influences that may depress thyroid function are environmental pollutants (including chlorine in drinking water), drug medications, exposure to x-rays, vaccinations, nutritional deficiencies, genetic tendencies and stress.]

CONTAINS: Stinging nettle leaf, horsetail leaf/stem, kelp thallus, bladderwrack thallus, Irish moss thallus, dulce thallus, shepherd's purse leaf/stem/flower, fenugreek seed, black walnut hull, sage leaf, *mB!*™ Liquid Trace Minerals in a kosher vegetable glycerin/purified water TincTract® base.

NOTE: Veterinary supervision necessary for pets on thyroid or heart medications or during pregnancy. Do not use for overactive thyroid. Not recommended for horses.

SUGGESTED USE: 1/3 teaspoon for a pet weighing 25–50 pounds, 1 to 3 times a day. Adjust amount up or down according to size of pet, as well as need.

ITEM: 778 2 oz; 779 4 oz
