Daily HerbalsTM For Your Blood Type

Used on a daily basis along with a healthy and appropriate diet, Daily HerbalsTM For Your Blood Type formulas can significantly aid general health and well-being, helping to bring nutritional balance and added vitality to everyone who uses them. Great for all ages, each formula, developed for the unique needs of its particular blood type, works to build health and to counteract the negative effects of stress and environmental and dietary anomalies.

This tonic-based approach to nutritional supplementation works best when taken before or between meals, early in the day, and separately from other foods or supplements.

Daily Herbals™ for Your Blood Type “O”

The oldest human blood type and the most common, Type O is known as the hunter/gatherer blood type. This is generally the “meat eaters” blood type, and these individuals do not fare as well with grains, vegetarian diets or dairy products.

CONTAINS: European elder flower, rose hip, chicory root, chickweed leaf, bladderwrack thallus, licorice root, dandelion root, fenugreek seed, gotu kola leaf, elecampane root, apricot fruit, sarsaparilla root, hops strobile, dill leaf/stem, oregano leaf, *mB!*™ Liquid Trace Minerals, and a special CBN Blood Type O Aromaceutical Blend™ in a kosher vegetable glycerin/purified water TincTract® base.

SUGGESTED USE: 1/3–1/2 teaspoon (2–2.46 ml) daily first thing in the morning on an empty stomach, or between meals.

ITEM: #505 2 oz; #503 4 oz

Daily Herbals™ for Your Blood Type “A”

The second blood type to develop, Type A, is known as the agrarian blood type and is typified by a largely vegetable-based diet, doing better on lighter types of meats in smaller amounts.

CONTAINS: Milk thistle seed, astragalus root, European elder berry, hawthorn berry, mullein leaf, skullcap leaf/stem/flower, spearmint leaf, kelp thallus, green tea leaf, valerian root, apricot fruit, sour cherry fruit, cranberry fruit, French tarragon leaf, gentian root, *mB!*™ Liquid Trace Minerals, and a special CBN™ Blood Type A Aromaceutical Blend™ in a kosher vegetable glycerin/purified water TincTract® base.

SUGGESTED USE: 1/3–1/2 teaspoon (2–2.46 ml) daily first thing in the morning on an empty stomach, or between meals.

ITEM: #506 2 oz; #501 4 oz

Daily Herbals™ for Your Blood Type “B”.

Type B blood type developed in cold and harsh climates. Those with Type B blood type can generally be more flexible and varied in their dietary choices than either O or A individuals, doing better with complex carbohydrates and able to tolerate dairy better than the first two blood types.

CONTAINS: Raspberry leaf, eleuthero root, beet root, orange peel, fennel seed, American ginseng root, peppermint leaf, anise seed, ginger root, sage leaf, horseradish root, basil leaf, black tea leaf, green tea leaf, capsicum fruit, *mB!*™ Liquid Trace Minerals, and a special CBN™ Blood Type B Aromaceutical Blend™ in a kosher vegetable glycerin/purified water TincTract® base.

SUGGESTED USE: 1/3–1/2 teaspoon (2–2.46 ml) daily first thing in the morning on an empty stomach, or between meals.

ITEM: #507 2 oz; #502 4 oz

Daily Herbals™ for Your Blood Type “AB”

The most recent and rare of the four human blood types, developing as recently as within the last twelve hundred years, those who have Type AB are recognized to be a delicate blend of both A and B needs.

CONTAINS: Catnip leaf/stem, white oak bark, green tea leaf, dandelion leaf, lemon peel, chamomile flower, alfalfa leaf, parsley leaf, burdock root, echinacea purpurea root, licorice root, basil leaf, St. John’s wort leaf/stem/flower, yarrow flower, yellow dock root, *mB!*™ Liquid Trace Minerals, and a special *CBN*™ Blood Type AB Aromaceutical Blend™ in a kosher vegetable glycerin/purified water TincTract® base.

SUGGESTED USE: 1/3–1/2 teaspoon (2–2.46 ml) daily first thing in the morning on an empty stomach, or between meals.

ITEM: #508 2 oz; #504 4 oz

Digestive Build

Builds Digestive Integrity and Immune Function –

A digestive tract building herbal formula that stimulates production of digestive juices and helps build digestive tract integrity, actions that benefit both the digestion of foods and effective, sustained immune responses.
